

# Wylie Fisher

## Web Developer

wylie@dukeofcheese.com

828.280.3741

### Objective

To secure a position that is mentally challenging and stimulating, where new ideas are welcome and abundant, where I will be able to enhance the skills I already have and learn new ones, where I can work independently and as part of a group.

### Profile

Strong proficiency with current web trends. Dabbler in upcoming web trends. Firm believer in valid, hand-written code. Very enthusiastic about education and continued growth. Skillful problem solver and superb trouble shooter. Magnificent multi-tasker. Thrives within collaborative conditions. Adapts quickly to new environments and people. Strong oral and written communication.

### Experience

#### CODE WRANGLER

*dukeofcheese.com; Las Vegas, NV*

*1999-Present*

Develop new user-friendly web sites for many clients including a record label, visual artists, musicians, and small business owners. Other services provided, but not limited to: domain name registration, server setup, database administration, setting up emails, web design and web development.

#### WEB SITE COORDINATOR

*The Biltmore Company; Asheville, NC*

*2005-2009*

Responsible for all things code and image related on biltmore.com. Daily duties included changes to the ticket sale process, and hotel booking system. Actively involved with third party vendors for various web apps. Collaborated with internal clients, and worked to keep online graphics consistent within the Biltmore brand. Created email templates and sent out monthly newsletters to subscribed guests via ExactTarget.

#### OUTDOOR GUIDE

*The Biltmore Company; Asheville, NC*

*2004-2005*

Rented out bikes, booked float trips, and gave information about the estate. Led bike and rafting trips on the estate while illustrating facts about local history and the flora and fauna. Provided superb customer service to guests of Biltmore, resulting in repeat visitors. Performed daily maintenance to the fleet of rental bikes, kayaks, rafts, other equipment, and biking/hiking trails.

## **MECHANICAL ARTIST**

*ArnoldWorldwide; Boston, MA*

*2001-2003*

Worked as part of a large team that included Designers and other Mechanical Artists. Through collaboration, client ideas moved from basic concept, to Photoshop files, and into working websites. Generated images, as well as hand-coded HTML, CSS & JavaScript, from the Photoshop files provided by in-house Designers.

## **AUTOMATIC PRESS OPERATOR**

*Mirror Image; Pawtucket, RI*

*1994-2001*

Printed award winning photographic designs on many different surfaces including t-shirts, sweatshirts & canvas. Managed a small team on an automatic printing press. Printing a customers order involved setting up screens to be in register, choosing ink colors to best match an original, and printing the order while staying within Mirror Images' high level of quality control. While with Mirror Image the company became a multi-million dollar a year company.

## **Skills**

10+ years experience in web site development. Hands on experience with the following languages & applications: X/HTML, PHP, MySQL, XML, CSS, WordPress, JavaScript, jQuery, Photoshop CS4, Illustrator CS3, Coda, Dreamweaver, Microsoft Office, iWork, Mac & PC.
